Description

The Hangover is that movie where laughter the main counter and what foolish it wouldn't be is perceived with a bang. Four friends decided to cast away a framework of everyday life for couple of days and to break away. Las Vegas — the city of great opportunities: casino, clubs, girls, unusual acquaintances — all for our gentlemen! Alcohol, couple of "pills for fun", money to burn created to our heroes a great lot of problems. And for someone it could seem a full nightmare, but not for these guys. Over time you understand that they are ready to stand all!
